Reset Points
Points will be reset on the basis of the top-30 in the Table after the February Series event. This system is designed to ensure less likelihood of competitors winning the Series without playing any events prior to the Championship in March. In the event of a tie on points in the series, positions at the Championship will be used as a tie-breaker.The top-five players in the Merit table going into the Championship will win the Series if they win the Championship.
